The Commercial UAV Expo is the definitive event for anyone serious about the commercial drone industry. It's where you can connect with the key players, see the latest technology firsthand, and gain a clear understanding of the future of the industry. It's truly a must-attend event that delivers on its promise of being a hub for innovation, education, and networking."

- Oakton College

This was my first time attending Commercial UAV, and it was an excellent experience. The event featured knowledgeable speakers and a diverse range of exhibitors who were approachable and eager to share insights. The variety of offerings was impressive, and I walked away with valuable information and connections. I'll definitely be attending again!"

- AZDroneFest

## Primary Reasons to Attend

To see new products/innovations

To network amongst the industry

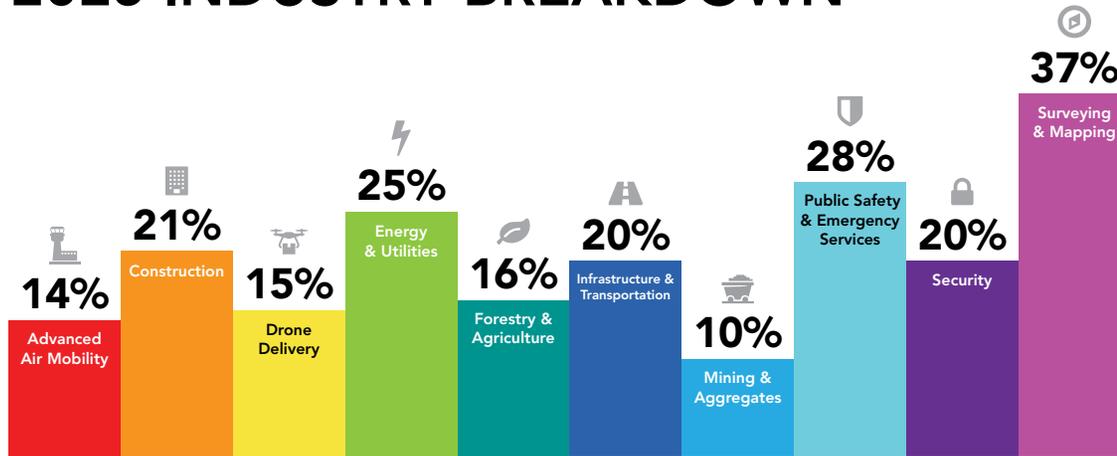

To keep up to date with market trends

of attendees had their objectives met at Commercial UAV Expo.

## 2025 INDUSTRY BREAKDOWN

Other industries include: Aerospace, Automation, Education, Government, Inspection, Manufacturing, Photography & Videography, and Retail

Percentages reflect attendees' selections of multiple industries during registration.
